

# Tanvir Ibn Touhid

## Junior React JS Developer

A highly motivated individual seeking to get a position in a reputed company, where I can use my skills and knowledge to learn new things and grow as a software engineer. I have a solid grasp of OOP, strong analytical and problem-solving abilities, and a genuine interest in expanding my knowledge by learning new technologies and tools.

### *Instructor & Trainer,*

<https://ysdconsulting.co.uk/>

United Kingdom

June 2022 - May 2023

#### Details:

- In this job, I got the opportunity to teach and train the students of EEE and CSE departments of different countries.
- I taught basic machine learning, programming, IoT and helped to accomplish different projects.

## Language

Bangla - Native

English - Proficient

## Projects

**Personal Portfolio** - A website to Showcase my personal projects and information

#### Details:

This is my personal portfolio website. I have kept my personal information, blogs and showcased my projects on this site. This is a responsive website.

#### Technologies:

- React and bootstrap is used for the UI.
- This is deployed on Netlify.
- Git and GitHub have been used for tracking changes.

Live site: <https://tanvirbintouhid.com/>

GitHub: <https://github.com/tanvir5230/tanvir-studio>

**BengalGPT** - An AI powered android app for Bengali speakers

#### Details:

Interacting with ChatGPT in Bengali language is **slow** and ChatGPT provides **misleading** information in different scenarios. We found a solution to solve this issue and the app was created for this purpose.

#### Technologies

- React Native
- Node and Express
- MongoDB and mongoose
- Notion, Git and Render

GitHub: [client](#) | [server](#)

#### Play store Link:

<https://play.google.com/store/apps/details?id=com.bengalgpt>

**School Management frontend** - School Management Landing page

#### Details:

- This is a mobile first responsive Design
- In this project, I focused on seamless design and aesthetic elegance to create a beautifully crafted landing page.

Technologies: HTML, CSS, Bootstrap and JavaScript
